Offer: 1-Year License for CallFunction XOP

Ref: carb-xop-0003
Date: 9th October 2023

Please indicate in the purchase order (PO) the number of licenses you wish to order. You need one license for each computer the CallFunction XOP will be used on. As each license is tied to a specific PC, we need the HardwareIDs of each PC as well. The HardwareID can be queried with the CallFunction XOP operation `FCALL_VERSION`.

For larger institutions wishing to order at least 10 licenses, we offer site wide licenses which don't required HardwareIDs, please contact us for details.

Cost calculation

Goods	Amount
1-year license for the CallFunction XOP per PC	\$200 USD

Additional agreements

1. Offer valid until 9th October 2024.
2. Conditions of payment: 30 days net on account
3. The quotation total has to be increased by 19 % VAT if the customer is located in Germany, or located in the EU and can not provide a valid VATIN¹.
4. In case the computer is significantly altered the HardwareID changes and a new license must be purchased.
